THE GREAT PLANT HUNT AT WAKEHURST PLACE

Introduction

The children are invited to investigate how Lily, Ash and Joseph's world would change if there were no plants. The children make the link between plants and the everyday objects and possessions which surround the characters and in doing so they deconstruct the scene presented to them.

Activity 1

The Investigators Thinking Walk

Investigate where we can find seeds in the garden and how and why they are dispersed.

Activity 2

Seed dispersal workshop

Investigate the variation in structure and shape of seeds and sort them according to how they are dispersed.

Activity 3

Visit the Millennium Seed Bank

Visit the final destination of the collection of daisy seeds you have or will be making. Investigate the work of the Millennium Seed Bank by exploring the process of seed conservation.
