

## Post-visit teacher notes

### KS3 Plant adaptations and biodiversity

We hope that the teaching session at Kew assisted in developing the skills and knowledge of your pupils and provided them with an insight into the amazing plants and world-leading plant science at Kew.

Following your visit, you can use the post-visit activity to further support your pupils' learning.

Your pupils could answer the question below.

Think about what you learnt in your Kew session about plants losing water through transpiration.

Suggest why deciduous trees lose their leaves in the winter, whereas evergreen trees do not.

Post-visit
