PROVENANCE

All our cafés and restaurants source seasonal and local produce. We use as many ingredients from our garden as possible and offer a wide range of plant-based options.

Sustainability is a key driver for making decisions within food and beverages at Kew Gardens. The supply of produce is fundamental, and this begins with sourcing food that meets sustainable and welfare standards. These key accreditations ensure the food supplied meets guest expectations, animal welfare and the environment.

Our meat and milk are Red Tractor Accredited, meaning its British and fully traceable back to the farm.

We proudly support the MSC’s efforts to protect oceans and safeguard seafood supplies for the future.

We have been awarded the Planet Mark for our work on reducing carbon emissions.

We have removed all single-use plastic from our cafés and restaurants, working with our catering company CH&CO to do so. In its place we have compostable alternatives and eco-friendly packaging made by Vegware.
PAVILION
BAR & GRILL
Welcome to the Pavilion Bar and Grill at Kew Gardens.

Sit back, relax, and enjoy al fresco dining in the heart of our Botanic Gardens.

Enjoy sumptuous seasonal dishes produced in the open kitchen and watch as they are freshly prepared for you on our Josper grill. A Josper grill is an indoor, charcoal-based barbeque with a sealed front door keeping all the natural flavours and moisture in as it cooks. It uses a mix of charcoal made from the woody waste at Kew and DEFRA-approved charcoal.

The menu focuses on authentic food grilled on charcoal or smoked over wood, alongside an array of enticing sides and desserts. Meat, fish, and vegetables are chosen from our specially selected suppliers and cooked to order for you.

Choose from sharing platters for the family or select a main. Children have their menu, so no one misses out.

Are you looking for something lighter? Pavilion Bar and Grill is a wonderful destination to relax and enjoy a drink and light bites with friends.
